25. SURPLUS

At each financial year-end, the Actuary will assess the surplus position of the Risk Fund, to preserve long term sustainability of the fund. The Company will charge a Surplus Administration Charge (SAC) of 50% of the gross distributable surplus arising at the end of the financial year. However, the Company may at its discretion and where appropriate charge the SAC for less than 50% of the gross distributable surplus.

Any net distributable surplus arising (after deducting the SAC) from the Risk Fund will be allocated in full (100%) to the Takaful Participant. If the amount due to Takaful Participant is less than the threshold, the amount shall either be retained in the Risk Fund or donated to charity on behalf of the Takaful Participants. Both the threshold and the treatment of such amount shall be as defined in the Surplus Management Policy.

Any deficit in the Risk Fund would be met through an interest free loan (Qard) from the Shareholders' Fund. Such loan would be a first charge against the future surplus arising from the Risk Fund.

If there is a deficit in the Risk Fund due to the Company's negligence, then it is the responsibility of the Company to ensure that the fund is stable through outright transfer method and not deemed as an advance through the Qard.

26. OBSERVANCE AND FULFILLMENT OF CONDITIONS
